

Q Differentiate Tuple, List and Set

	List	Set Set	Tuple
①	List is mutable	Set is mutable	Tuple is immutable
②	It is ordered collection of items	It is unordered collection of items	It is ordered collection of items
③	Items in a list can be replaced or changed.	Items in a set cannot be replaced or changed.	Items in a tuple cannot be replaced or changed.
④	[]	{ }	()
